Dear Terry and Oleg:

Thank you for your high-energy, masterful performance last Wednesday night. The 59 people who attended were extremely pleased with the performance and the commentary that went with it.

As I shared with you in an email (and with the other programming librarians in the Sarasota County Library System), we had people here from Poland (or whose parents were from there), Yugoslavia, Bulgaria, Romania, Serbia, Russian, of course, a few Ukrainians, but mainly they were from a Czech-Slovak Club. I am extremely proud of this multi-cultural mix of heritages and the variety of music you provided. My favorite was the second Polonaise of the evening.

In terms of the program evaluations, they ranged from comments like "exceeded all expectations," "both musicians are virtuoso!" "Great musical performance with very interesting background information" and "I had heard them before in Port Charlotte and would not miss them" to the more intimate "the concert took me away for a beautiful hour" and "went straight to my heart."

Good luck with the rest of your tour. If you ever need a recommendation, do not hesitate to contact me.

Sincerely,

Janis A. Russell
